

Changing the World through Public Health:

# Public Health Careers and Admissions

*Where?*

Granite Pass  
103

*When?*

October 1, 2019 3:00pm

Are you committed to addressing the health needs of your community? Learn about the 'best kept secret' in the health field - an area that encompasses **science, culture, research, policy, advocacy, education, social media and much more** - all with the overarching goal of **helping people lead healthier lives!** Students with **any undergraduate degree** can be competitive applicants to programs in public health; so all students are encouraged to attend. Come learn more about this amazing field at this special presentation!
