The UC Postbaccalaureate Consortium is a partnership of postbaccalaureate premedical programs at the Schools of Medicine at UC Davis, UC Irvine, UC Los Angeles, and UC San Francisco. The mission of the Consortium is to increase the number of physicians who practice in shortage areas of California by assisting capable and dedicated students from disadvantaged backgrounds in gaining admission to medical school.

The David Geffen School of Medicine at UCLA is offering a comprehensive, structured re-application program designed to assist students from disadvantaged backgrounds who have been unsuccessful in gaining admission to any U.S medical school. UCLA RAP is an 11-month program.
