

# Donald A. Strauss FOUNDATION

PROVIDING PUBLIC SERVICE SCHOLARSHIPS SINCE 1997

## Mission

The Strauss Foundation inspires and nurtures future visionary leaders and public servants by providing financial, educational, and advisory support to California college students who develop and undertake a high-impact project in public service or social change.

## The Award

\$15,000 is awarded to 10-15 scholars annually. Up to \$7,000 can be used for the student's tuition, with the remaining \$8,000 for their project. Students may also elect to use more funds for their project if desired, up to the full award amount.

## Projects

The Strauss Foundation has funded a vast array of local and international projects, from building inner-city community gardens to bringing medical care to remote villages in Nepal. No project is too small, nor is it possible to be too grand. WE FUND THE POSSIBLE. Strauss scholars have shown us what is possible. Sample projects can be found on the Strauss website at: [www.straussfoundation.org](http://www.straussfoundation.org)
