

Agent-based Modeling

Computational models of social behavior & organizational dynamics
COGS 122

Instructor: Professor Paul Smaldino (Cog Sci)

Contact: psmaldino@ucmerced.edu

Time: Tu-Th 9:30–10:20am, W 9–10:15am

Explore complexity and organization!

Discover the principles of patterns and emergent phenomena!

Build your own computer simulations!

Broad applications: Biology, psychology, anthropology, economics, sociology, political science...
